Hi Kim

**BIOTA DATA**

The hard copy data package just came in for the 4 fish/crab tissue split samples. Electronic PDF and MS EXCEL versions of the analytical data are available on the network at: **F:\Federal\EPA\RAC II\0006-Gulfco Marine\Split Sample Data\Dec 2006\biota**

Please validate the data (10% full; 90% cursory) and prepare a DVR (or a briefer summary) depending on your availability.

I have budgeted 4 hours per biota sample for a total of 16 hours (let me know if you need more).

Please bill your time to:

Project = **1434206**  
Phase = **A**  
Task = **5**  
Labor Category = **SC2**

**SEDIMENT/SURFACE WATER DATA**

Also expecting hard copy data package for 2 sediment and 2 surface water split samples (estimated due date = 11 January 2007). Already have electronic PDF versions of the analytical data (no MS Excel version yet) are available on the network at:

**F:\Federal\EPA\RAC II\0006-Gulfco Marine\Split Sample Data\Dec 2006\SED**  
& **F:\Federal\EPA\RAC II\0006-Gulfco Marine\Split Sample Data\Dec 2006\SW**

Same budget and task number as biota samples (4 hours per SED/SW sample for a total of 16 hours).

Thanks
